Covid-19 provisions on how to travel and enter in Italy

- ✓ Check which are your obligations according to the Italian law concerning Covid-19 Obligations are different according to where do you come from (home or transit country) - [Ministry of Health website](#)
- ✓ Abide to the rules and obligations for your country of origin (such as self –isolation period, compulsory swab test etc)

The Italian zone -system

Italy is currently divided in different zones under a national colour-coded system of **YELLOW**, **ORANGE** and **RED** that indicates coronavirus risk and the restrictions in place.

Depending on the colour of each zone:

- ✓ people are allowed to move more freely or only under certain conditions
- ✓ shops and restaurants are open or closed
- ✓ night-time curfew is in place

The Italian zone -system

YELLOW ZONE

- Traveling between regions is prohibited
- Museums are open only on weekdays. Gyms, swimming pools, cinemas, theaters and ski lifts stay closed.
- Restaurants and bars close at 6pm. No takeaway from bars after this time
- A maximum of 2 people can go to another person's house, only once a day

ORANGE ZONE

- Moving outside the municipality is prohibited
- Shops, hairdressers and beauty centers are open. Bars and restaurants remain closed
- Transfers from municipalities up to 5000 inhabitants are allowed not exceeding 30km, but never to provincial capitals

RED ZONE

- It is forbidden to leave the house except to go to work or to go shopping
- Supermarkets, pharmacies, newsagents and tobacconists are open
- You can go to another person's home only once a day and a maximum of two extra-cohabiting people

The Italian zone -system

Lombardy is currently in **yellow zone** but each region status is subject to verification on a weekly basis.
