On the other hand, “Stampa promemoria iscrizione al bando” allows you to check the data related to your application: after printing it, it will still be possible to modify the application, or remove it and possibly re-compile it later; to confirm the final version, it will still be necessary to print the application receipt.
1. Ranking

The ranking will be formed in descending order based on the overall score resulting from the sum of the following points:

<table>
<thead>
<tr>
<th>max 200 points</th>
<th>merit grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>max 100 points</td>
<td>(calculated automatically considering the student career examinations)</td>
</tr>
<tr>
<td>max 100 points</td>
<td>evaluation of academic and personal motivation</td>
</tr>
<tr>
<td></td>
<td>(study/research programme + motivation letter + language skills)</td>
</tr>
<tr>
<td></td>
<td>(decided by the selection committee)</td>
</tr>
</tbody>
</table>

**Merit grade**

The merit grade will be calculated in relation to the exams of the current course of study and whose marks will be registered in the student career by the 1 of March 2021; for those enrolled on a master degree, the previous bachelor (3-year degree) course will be considered too (graduation mark and 180 overall credits).

The merit grade will be calculated by applying the following formula:

- For students enrolled on a bachelor (3-year degree) or a one-single-cycle degree

  Weighted average exam marks \( \times \) CFU acquired

  CFU foreseen *

- For students enrolled on a master degree

  \[
  \frac{\text{(graduation mark bachelor } \times 30) \times 180 + (\text{weighted average marks present master } \times \text{CFU acquired present master}) \times \text{CFU acquired present master} + 180}{\text{CFU foreseen}** \times \text{present master} + 180}
  \]

* For CFU foreseen, it is meant those expected from the course of study, including the academic year 2020/21, adapted as follows:
- 60 CFU for each “regular” enrolment year
- penalization of 30 CFU for every year of “non regular” enrolment

** For those enrolled on a master course possessing a previous bachelor degree obtained abroad, in case the graduation mark is not present on the registered student career (Esse3) or it is not shown out of 110, a predetermined grade of 95/110 it will be attributed.

The merit grade thus calculated will be “normalized” to 100: the maximum attainable mark will therefore be 100.

**Evaluation of academic and personal motivation**

The committee will evaluate the academic and personal motivations through an interview. The following will be discussed in detail:

5 For “exams” meaning the exams and the other teaching/training activities due by a specific course
- the proposed study/research programme
- motivation in relation to the chosen Universities
- the language skills.

The interview will take place **no later than 28th May 2021**. The date, time and modalities will be published in the **International section of the UNIPV website**.

**Candidates absent from the selection interview will be excluded.**

In case of equal overall score, the position in the ranking will be determined giving precedence to those who, in order:
1) for seniority of University career will have fewer future opportunities to participate in international mobility
2) have a higher age.

The **publication of the rankings**, expected by June 4th, 2021, will be notified by communication to the candidates' UNIPV email address.

### 2. Language proficiency

**Candidates will only be eligible for those Universities for which they have language proficiency**, i.e., Universities with language requirements (language and level) that are compatible with those they possess.

Language proficiency may be awarded to:
1) **mother tongue:** according to what foreseen by the Ministerial circular n. 5494 dated 29/12/1982, mother tongue persons are to be considered those who are capable to express themselves naturally and accurately in their mother tongue and that can be identified as holders of a citizenship of a Country for which the required language is the official language and/or having carried out their study career in the language of the Country. **Candidates belonging to this category will be automatically recognised the linguistic level C1**
2) **candidates holding an international language certificate, or a certificate released by the Language Centre of the University of Pavia**, corresponding or superior to the linguistic requirements requested by the chosen destination such as:
   - **international linguistic certificates released not before the 1st of January 2018** (independently from the established official validity from the Certification Body) and reported in Annex III
   - **certificates released by CLA on occasion of previous tests, starting from the session of 2018 and until the session of March 2021 included**
   - **certificate issued by the CLA regarding attendance with passing of the final test of the following courses organized by the Language Centre:**
     - extracurricular course of Portuguese language of A2, B1 or B2 level (active from the year 2019/20)
     - extracurricular English language course at B1, B2 or C1 level (starting from the year 2020/21)
     - extracurricular English language course for EDiSU colleges at A2, B1, B2 or C1 level (starting in the year 2018/19)
   - **for Russian language only:** a declaration signed by a professor of Russian language at the University of Pavia confirming the language level possessed
   - **for poorly spoken languages only** (Hungarian, Lithuanian, Polish, Finnish, Swedish): a language certificate, which will be assessed on a case-by-case basis, proving competence in those languages
3 - **candidates enrolled in courses of the University of Pavia given entirely in English language**: they will be automatically considered eligible to those destinations in English language that requires the same level indicated for the access to the course of study (see Annex III)

4 - **candidates enrolled in courses of the University of Pavia that require the knowledge of the English language verified either through an international language certification or a test**: they will be automatically considered eligible to those destinations in English language that requires the same level indicated for the access to the course of study (see Annex III).

**To prove the language proficiency**, you will need to attach one or more of the documents listed below to your online application or present them at your interview:

1 - **mother tongue**: a self-declaration (the form is available in the International section of the UNIPV website) where the candidate declares and details the presence of the elements necessary to recognize his/her status of mother tongue as per the definition given above (citizenship, study, linguistic past, etc.)

2 - **candidates holding a certificate**: copy of an international language certificate, or a certificate released by the Language Centre of the University of Pavia, or by professors (if applicable). See Annex III

3 - **candidates enrolled in courses of the University of Pavia given entirely in English language**: **NO** declaration. The International Mobility Office will check this requirement

4 - **candidates enrolled in courses of the University of Pavia that require the knowledge of the English language verified either through an international language certification or a test**: **NO** declaration. The International Mobility Office will check this requirement.

In the event that students belonging to the categories mentioned in points 3 and 4 wish to apply for Universities that require a higher level or knowledge of a language other than English, they must present a certificate/language certificate proving their knowledge of the language required by the host University.

It is furthermore clarified that, in order to be able to carry out the mobility, the recognition of the language and level obtained must also be accepted by the host University.

N.B.: Notwithstanding what required by the University of Pavia for the selection, in case the host University further requests a specific international language certificate (e.g., IELTS), it will be the responsibility of the candidate to obtain it on time, before the registration deadline fixed by the same University.

**ART. 8 – ACCEPTANCE OF THE MOBILITY PERIOD**

Between 7 and 12 noon on 11 June 2021, all selected candidates appearing in the ranking lists must accept or decline their assigned mobility period, through an **online form**, following the instruction that will be given by the International Mobility Office.

**Those who have not accepted by the deadline will be considered definitively renounced.**

**It will not be possible to change the destination assigned.**

The acceptance does not guarantee that the student will be able to take the mobility period: it will be possible only if the host University confirms the possibility to host him/her.
ART. 9 – WITHDRAWAL

The acceptance of the mobility period is a serious engagement taken by the candidate. Withdrawals should therefore be limited to justified causes.

The withdrawal from the mobility period should be done promptly writing to the International Mobility Office. It will lead to the repayment of the contribution already received.

ART. 10 – INFORMATION ON THE TREATMENT OF PERSONAL DATA ACCORDING TO THE EUROPEAN GDPR

The personal data of the candidates will be treated only for the purposes of the Coimbra Group SEN Program, eventually including communication to the host University, according to the regulations set by the European General Data Protection nr. 2016/679 art. 13.
