Incomplete applications will not be taken into consideration

5. EVALUATION AND SELECTION

The selection will be made by a joint Committee established within the Department of Civil Engineering and Architecture headed by prof. Alessandro Greco.

The following criteria will be taken into consideration:

- The attitude to design in group and to develop architectural projects in team;
- A clear idea of how the applicant expects to implement and follow up with the knowledge acquired in the BIP – how would their participation benefit their future goals;
- Motivation shown.

In case of equal evaluation between two candidates, the Evaluation Commission reserves the right to give priority to those applications which add to the diversity of the study programme in terms of gender balance, year of study, and variety of mobility experience.

The Committee reserves the right to check the validity of declarations and supporting documents. False statements may lead to exclusion from the selection process and the award of the scholarship.

Each applicant will be notified about selection results and the grant in due time, via the email address provided in the application.

Selected applicants must then officially accept the awarded grant by answering via email.
