Option 1 – exams: you will have to indicate the exams you intend to take abroad for each University you have chosen ("list of exams you intend to take at the host institution") and how they will be recognized once you return to Pavia ("list of exams to be recognized at UNIPV").

Option 2 – thesis: you will have to indicate the thesis research topic that you intend to carry out abroad.

ATTENTION – Not all universities accept students who only intend to prepare their thesis, without taking courses.

Option 3 – exams and thesis: you will have to indicate the exams you intend to take abroad for each University you have chosen ("list of exams you intend to take at the host institution") and how they will be recognized once you return to Pavia ("list of exams to be recognized at UNIPV"), and the thesis research topic you intend to take abroad.

In all three cases, it is also important to discuss with your Erasmus delegate.

The activities included here are indicative and can be modified once you are assigned the final location. They are for the sole purpose of verifying that you have consulted the educational offer at the host Universities of your interest and ascertaining its actual compatibility with your course of study in Pavia.

In this section, students enrolled in PhD courses, first and second level university masters, and specialization schools must also confirm that they have integrated their application with a letter from their supervising professor (the appropriate form can be downloaded directly from the University's [Erasmus website](#)).
